CONDITIONS AT SANTA FE

CATRON LEFT OUT IN THE COLD
IN SANTA FE COUNTY.

A FUSION TICKET

Democrats and Republicans in Santa Fe County Fuse Against the Boss and Divide the Places on the Ticket.—Larrazolo Will Win Out in That County.

(Special Mail Correspondence of the Daily Record.)

Santa Fe, N. M., Oct. 21.—It is a condition, and not a theory, which confronts Hon. Thomas Benton Catron, erstwhile political boss of New Mexico, who has been trying to get back on the throne where he might again wield the sceptre of power.

Four weeks ago, having first patched up a truce between the two factions of the Republican party in this county, the one led by Max Frost and the other by the Honorable Thomas Benton himself, he secured the nomination by the Republican county convention for the Council with the understanding that should the Governor's apportionment stand, the district would be composed of the counties of Santa Fe and Sandoval, but that if the apportionment should be attacked and should be declared illegal, the nomination should be for the old district which comprised only Santa Fe county.

Three days after this action had been taken, the Territorial Republican convention met at Las Vegas, and the delegates from Sandoval county concluded that they had been slighted in not having been consulted in regard to the nomination of a candidate from the district of which their county was a part, and, as a consequence, they concluded to hold a district convention, which they did at Las Vegas. With the support of some of the dissatisfied delegates from Santa Fe county, they nominated E. M. Miera, of Cuba, Sandoval county, a wealthy native sheep raiser, for the Council from the Sixth district. This action left Mr. Catron out in the cold, but he concluded not to die without a struggle. He returned to Santa Fe and at once began the preparation of a petition for an injunction restraining the Governor and the boards of county commissioners as well as the clerks of the counties of Santa Fe and Sandoval from acting under the apportionment made by Governor Hagerman.

The petition was one of great length, was very carefully prepared and covered the ground completely. Mr. Catron seemed to have no doubt of the successful issue of his petition in court, but Judge McFie, in whose court the petition was filed, denied a temporary injunction and set the hearing for a permanent injunction a week later. In the meantime the boards of county commissioners and the Governor issued their election proclamations and Judge McFie went to Aztec to hold court. The hearing was arranged to come up before Judge Abbott, at Albuquerque. The case was ably presented by eminent counsel on both

sides, and after having had the case under advisement for a week, Judge Abbott rendered a lengthy opinion in which he denied the petition and upheld the action of the Governor.

Undaunted by the adverse action of the district convention at Las Vegas and the court, Mr. Catron determined to make the race, thinking that he could so divide the Republican vote in the two counties as to stand an excellent chance of election. There are approximately 4,000 votes in the two counties, of which the Democrats will probably cast about 1,300, and Mr. Catron figured that if he could get 1,500 Republican votes he would be elected.

The chances looked good until yesterday, when the Democratic county convention was held. The convention met at 2:20 and a permanent organization had not yet been effected when a motion was made to appoint a committee to confer with some of the leading Republicans of the county and Mr. Miera. Two conferences were held, the second of which was not concluded until after 8 o'clock last evening. The result was a fusion ticket which was completed at a late hour last night. Miera, regular Republican candidate for the Council, and Abbott, regular Republican candidate for the House from the district composed of Sandoval and Santa Fe counties, were endorsed, thus insuring their election and the defeat of Catron.

The Republicans are given three places on the county ticket, Sheriff, Probate Clerk and one Commissioner, and the four candidates for delegates to the Constitutional Convention are evenly divided. The ticket is the strongest that has been placed in nomination in this county in many years.

This action will result in giving Larrazolo a majority in this county.

Gifts to Bishop Moore.

The ministers in attendance at the recent meeting of the New Mexico English Mission of the M. E. church presented the presiding officer, Bishop David H. Moore, of Denver, with two beautiful gifts to show their appreciation of his splendid work. One was a cut glass water set, consisting of a pitcher and six glasses, and the other was a silver tea set. REMARKABLE RECORD AT LAND OFFICE.

The month of August was the largest, so far as home-stead entries were concerned in the history of the Roswell Land Office. There were 546 entries in August. One Hundred Woman Suffragists Get Inside the Lobby and Have to Be Forcibly Removed by the Police.

New York, Oct. 23.—The grand jury today continued its investigations into the sensational charges made last week by Charles F. Murphy, leader of Tammany Hall, to the effect that the Independent League from the Tammany candidates to withdraw from the field, and that money had been demanded of the Democratic candidates for Independent League nominations. The witnesses who have been summoned for this day's inquiry included Chas. V. Fornes, formerly president of the board of aldermen and candidate for congress, Jos. A. Goulden, Jos. Prendergast, clerk of the water board, Alderman Reginald Doull and John A. Allen the Independent League candidate for congress against Fornes. Congressman Goulden said that he was shown a letter which he admitted he had written to Frank E. Shoeber, also a candidate for congress, agreeing to pay \$500 for the expenses of gathering endorsements of his name to a petition to be presented in the name of the League. Goulden said he considered it no more than right and proper that he should make an offer to cover what he deemed legitimate expenses.

WOMAN SUFFRAGISTS

STORM PARLIAMENT.

London, Oct. 23.—Unusual excitement in connection with the re-opening of parliament today was caused by the presence of about 100 Woman Suffragists, many of whom despite the police found their way into the lobby and attempted to storm the house itself. The police called for reinforcements, and the women finally were ejected, a number of them being carried out bodily by the police. The demonstration continued outside and the police were forced to arrest several leaders and take them to the police station.

McGarry. McGarry, with Roundsman Carney, found the grating from the window of a drug store removed early this morning and went into the cellar to investigate. While they were searching a man climbed out of the cellar and jumped into a wagon, where an associate was awaiting him. The two roundsmen opened fire and a running battle took place. The policemen's shots went wild, but the aim of the burglars was better and McGarry was shot three times.

Tulsa, I. T., Oct. 23.—Robbers early today looted the Bank of Sparks

THE OPEN SHOP MAY BE ESTABLISHED IN CHICAGO.

Chicago, Oct. 23.—President Samuel Gompers of the American Federation of Labor, was asked yesterday by the leading Chicago manufacturers to compel the local unions to cease fighting among themselves. If the fighting is not stopped he was told that the "open shop" would be established in all the large wood-working factories of the city. The case was put openly to Gompers. He was informed that either the unions must abide by their written contracts and conduct themselves peaceably or else a great lockout which may involve six or seven thousand skilled workers may follow. After receiving the committee, Gompers admitted that they were right and declared that the union strife must stop at once.

The improvements consist of a small house, some orchard, 10 acres in alfalfa, an artesian well and good fencing. We can give a bargain in this property, either for cash or will trade for Hondo or other lands. When we say we can sell at a bargain we mean that we can sell for much less than its real worth. You may tear down the house, fill up the well, grub out the orchard and destroy the alfalfa and the place is worth more money than our price. See us at once. Carlton & Bell.
